& AUTOMATION SYSTEMS**

Dr Mansukh Mandaviya

Hon'ble Union Minister of Health & Family Welfare
Chemicals & Fertilizers
Government of India

Shri Bhagwanth Khuba

Hon'ble Minister of State for Chemicals & Fertilizers
New & Renewable Energy
Government of India

Department of Chemicals & Petrochemicals, Ministry of Chemicals & Fertilizers, Government of India, jointly with FICCI is organising the 12th Edition of "India Chem 2022" from 2nd - 3rd November 2022 at Pragati Maidan, New Delhi. India

Chem, the flagship event of the

Department, is one of the largest composite events of the industry in the Asia-Pacific region and comprises of an International Conference and Exhibition.

India Chem 2022 will showcase tremendous potential and supportive government policy for sustainable growth in the sector and will be a single platform for investors, both domestic and international and other stakeholders to interact and forge alliances, thereby providing immense potential for trade and investment, in a mutually beneficial way. The concurrent sessions as part of conference includes Global CEOs Round Table as well as conclaves on different industry segments (e.g., Chemicals, Petrochemical, Agrochemical Industry, Process and machinery) and regional exchanges between India and the countries.

As you are aware that India is rapidly growing buoyed by

a slew of structural reforms, transparent and investment-friendly policies, and strong core economic fundamentals. The Indian chemical industry, a consistent value creator, was estimated to be worth USD 178 billion in FY20, and has a significant potential to reach USD 300 billion by FY25. This industry remains an attractive hub of opportunities, even in an environment of global uncertainty. Worldwide trends affecting the global chemical industry could lead to near-term opportunities for Indian chemical industry. The strategic decision to prioritize and tap this value-creating potential could shape the future of the chemical industry in India as well as the country's trade performance.

India is emerging as a suitable destination for its good governance practices, high-quality infrastructure, robust trade and investment policy, strong regulatory framework, and availability of quality labour at competitive prices. Demographic dividends, low per capita consumption, increasing export demand and enabling Government initiatives are expected to transform India into a global manufacturing hub for chemicals and petrochemicals, and help realise the vision of the country becoming a USD 5 trillion-dollar economy.

HIGHLIGHTS OF INDIA CHEM 2022

- International participation from Japan, Iran, Germany, Turkey, Vietnam, Korea are expected
- Participation of PCPIR States: Gujarat, Odisha, Andhra Pradesh, Tamil Nadu & Rajasthan
- Buyers delegation from South America, USA, CIS, West Europe, Middle East and South East Asian countries & many more to join
- Over 7,000+ Business visitors from India and abroad expected
- Over 100+ Indian & International exhibitors expected
- Over 30 top CEOs from India and abroad will be deliberating at the Global CEOs Forum

BUSINESS OPPORTUNITIES

- Transfer of technology, investment, joint ventures, research and development
- Supply of plant, machinery, process control equipment, projects and services etc.
- Logistics, warehousing & supply chain in Chemicals
- Sourcing requirements from India
- Showcase the latest products, machinery, equipments & developments in the industry for generating business and marketing
- Technology adaptation and up-gradation
- Joint venture partners and project collaborators
- Business tie-ups and collaborations
- Contract research & manufacturing

VISITOR PROFILE

- CEOs, Engineers, Technocrats and Scientists
- Marketing Chiefs, Consultants & Sourcing Heads
- Chemical & Process Industry Professionals
- Manufacturers & Suppliers
- Distributors, Retailers & Traders
- Policy Makers, Diplomats and Foreign Commercial Corps
- Industry Associations and Trade Delegations from India & abroad
- Buying missions from neighboring regions
- Academics (both faculty and students)

The show will specifically feature the companies from process plant machinery and equipments, control and automation systems, laboratory and analytical techniques, water and waste water treatment technology etc.

HIGHLIGHTS OF PETROLEUM, CHEMICALS & PETROCHEMICALS INVESTMENT REGIONS (PCPIRS) POLICY BY GOVERNMENT OF INDIA

- Strategic location at ports for domestic and global markets
- Availability of adequate land with Government agencies/developers
- Excellent connectivity
- Institutional mechanism for management & implementation
- Deregulated industry and promotion of 100% FDI
- Ready availability of technical and skilled manpower
- Opportunities for investment through PPP mode and consortium with Indian partners
- Investment opportunities in utilities and services

EXHIBITORS' PROFILE

CHEMICALS

- Fine and Specialty Chemicals
- Agro Chemicals & Fertilizers
- Basic Chemicals, Dyes and Pigments
- Chemicals from Herbal and other natural resources
- Paints and Coatings
- Soaps and Detergents
- Clean Technology tie-up
- Consultancy for Waste management, Feedstock linkages, Processing, Marketing management, Safety and Environment protection
- Industrial R & D

PETROCHEMICALS

- Polymers
- Olefins
- Synthetic Fibers
- Elastomers
- Aromatics
- Surfactants

PROCESS PLANT MACHINERY & EQUIPMENT

- Process Technology
- Plants

- Machinery & Equipment
- Engineering Project Management & Construction Services
- Environmental / Pollution Management
- Filtration & Separation Systems
- Process Plant Design Services
- Pumps and Valves, Safety Systems
- Tubes & Fittings, Test kits & procedures
- Environmental & Water management systems
- Laboratory apparatus
- Research & Development
- Spectroscopy
- Testing & measurement technology
- Instrumentation & Process Control

Participation Fee*

Exhibition Stall	INR	USD
Raw Space	11,500 Per Sqm	300 Per Sqm
Shell Space	12,500 Per Sqm	330 Per Sqm

*GST 18% extra
